II. Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

3. The Amount in Controversy

The amount in controversy—the amount the plaintiff claims the defendant owes or the amount at stake—is more than \$75,000, not counting interest and costs of court, because *(explain)*:

III. Statement of Claim

Write a short and plain statement of the claim. Do not make legal arguments. State as briefly as possible the facts showing that each plaintiff is entitled to the injunction or other relief sought. State how each defendant was involved and what each defendant did that caused the plaintiff harm or violated the plaintiff's rights, including the dates and places of that involvement or conduct. Secretary of State John R. Ashcroft has inhibited my speech by causing to question if I should give money to candidate(s) either directly or indirectly in the Defendants state because of the culpable action to allow vote fraud by not having adequate checks in balances in place for independent audits of the mail-in ballots cast and/or extending absentee ballots from its former form, which also impinges citizens fully expressing their wish to the electoral college for whom they want for President. This was done during the Pandemic in the State of Missouri.

Casting a ballot for a Presidential candidate, the individual is their expressing their free speech because it is the members of the electoral that vote the President, when citizens casting president ballot they are expressing to their wish of whom they like the electoral college member vote for. Ballots are being devalued by "later arbitrary and disparate treatment". We are entitled to undiluted expression of speech when citizens cast the ballot and expressing their wishes to the electoral college and uninhibited speech when making gifts and / or donations to other as outlined in Citizens United vs FEC.

I ask that all mailing-in and extended absentee ballots be accompanied by a stamp from a notary on the ballot. The notary has an id number. The notary provides a log with date, place and the time when the process of the notary took place.

If this can not be done then the state(s) / commonwealth(s) must notify voters that their ballots will not count and that they must recast their vote in a manner identical too the process the State(s) / commonwealth(s) had in place in the Presidential election in 2016. Citizens United vs. FEC and Bush vs. Palm Beach County Canvassing Board entitle me to the above relief.

Voting fraud continues today with ballot harvesting discovered by the Project Veritas and reporting by PJ Media on Accusation in illegal Ballot Harvesting.
